

The inclusions below ensure Australian compliance, best practice design, production, printing, manufacturing and quality control. Should you engage another supplier, be sure you're able to tick all the boxes below or you could be compromising your end product or incurring unforeseen additional costs.

☐ **Design & Video Production**

Razor's experienced design and video production team can accommodate all creative needs.

☐ **Australian Compliance**

Razor is RCM compliant and fully registered as a government approved Australian supplier.

☐ **Artwork & Print Approval**

Highly detailed print and artwork PDF's are supplied up to final approval.

☐ **Screen Quality**

Razor video screens engage the same highly regarded manufacturer as Samsung.

☐ **Component Manufacturing**

Fully automated motherboard production operates with industry leading .01% tolerances.

☐ **Print Quality**

Razor utilise German made offset machines for accuracy and colour correctness.

☐ **Production Times**

Established supplier relationships means urgent projects can be moved forward in the queue.

☐ **Mailing Boxes**

Protective mailing boxes are available for all standard sized video brochures.

☐ **Pre-Delivery Inspection**

Every brochure is checked for content and full charge capacity in Australia prior to delivery.

☐ **Delivery**

Razor offers free delivery within Australia on all products.

☐ **Fulfilment**

Razor utilises the services of AusPost for whatever fulfilment you may require.
