The Personal Touch

Audiences simply can't resist a personalised, hand-delivered package. Better still, curiosity's a powerful force and it will be opened.

The Element of Surprise

Once opened, viewers will be genuinely surprised to see an ultra-thin, embedded video within and especially when the automatic play function is activated.

A Unique Experience

Video brochures are still a unique medium and in many cases never previously experienced, so they're invariably handed on and viewed multiple times.

The Ultimate Storyteller

The sheer volume of information on offer and ability to handle complex messaging just can't be replicated in traditional media.
